CAOAC CONVENTION IN LONDON MAY 19th to 22nd

I hope that many people plan to attend this wonderful upcoming event. It is one of the highlights of the CAOAC year. The London Aquaria Society is celebrating its historic 50th Anniversary and is working very hard to put on this 47th CAOAC Convention. They have booked an excellent array of speakers who are speaking on various topics of interest to the aquarium hobbyists.

Ray Lucas is bringing along many aquarium supplies to be auctioned off and has donated along with Allglass Aquariums, a large bow-front aquarium and goods worth approximately \$2000. Tickets are \$2.00 each or 3 for \$5.00. If you were at the convention last year in Durham, you will remember how beautiful it was. London will be having the usual fish and plant sale as well as the auction on

Minutes of Meetings

April 23rd 2006

EXECUTIVE MEETING

The meeting was called to order by Paul McIntosh (President/Archivist) on April 23rd 2006 at 1100 hours in Waterdown, ON.

Executive present: Tony Bernard (1st Vice President), Jennifer Bawden (Treasurer), Sarah Langthorne (Corresponding Sec) and Miecia Burden (Recording Secretary).

Executive absent: Randy Seufert (2nd Vice President).

Also present: Bob Saunders (Toronto Willowdale) and Kia Sing (Durham).

Correspondence: an email from Dave Boehm who forwarded this email from Nick Mandrak to the entire executive last month.

Hello folks,

I am forwarding to you an email from Nick Mandrak who I knew as a student of Dr. Crossman at the ROM. He now works for the federal government and is asking for our assistance. Nick is a good guy and I think we should assist him if we can. I also thought that maybe Terry could use some of the promotional materials Nick is offering at the convention in May.

I will contact Nick and let him know that I have contacted you. Let me know what your thoughts are.

Dave Boehm

Hello,

I am a Research Scientist with Fisheries and Oceans Canada. We are currently undertaking a project to assess the risk of aquarium species being released into the wild and negatively impacting our freshwater ecosystems. The study is composed of several parts:

1) Compiling a list of the freshwater plants and fishes in the Canadian aquarium trade. This will be done by accessing records from Canada Border Services Agency and industry representatives (e.g. PIJAC).

2) Determining the ability of these species to survive in the wild if released. This will be done through statistical analyses.

3) Determining the handling and disposing practices of the average Canadian. This will be done through an online survey (www.surveymonkey.com/aquarium_survey).

We are particularly interested in getting hobbyist involved with the survey. The key to the survey's success is to make hobbyist's aware of it. To this end, we had a booth at the All about Pets show where people could take the survey. We have also developed promotional materials such as posters, business cards, pens and mouse pads. We were hoping that your organization could help us get the word out. For example, could you mention the survey in your newsletter or give out promotional materials at your upcoming show. Please contact me if you can help in any way.

*Sincerely,
Nick*

Miecia Burden (Binder/Membership/NL) will contact Dave Boehm to say that we are willing to post this information on the web site and also publish it in our newsletter. We can also take any information Nick has to the convention in London.

Insurance: Long discussion regarding the questions asked by the Durham Region Aquarium Society about CAOAC insurance policy and coverage. The following is a list of questions from Durham:

1. What is covered and how much liability is covered for each individual club. Is it \$2,000,000 for each occurrence or is it a total if there happened to be 2 or more claims?

2. *We also have been discussing the pros and cons of being incorporated or not. We had a lawyer attend our Executive meeting to give us some details and the direction that we, DRAS should be pursuing.*
3. *Also, are there any other clubs who are incorporated at present or are they considering this?*
4. *Our lawyer thinks that we should have at least \$5,000,000 coverage. DRAS wants to know if they can add a rider to the policy increasing the amount.*

Jennifer contacted the insurance company with the following result:

1. It is a total of \$2,000,000.00 per occurrence regardless of how many claims there are.
2. There are no other clubs that we are aware of in CAOAC that are incorporated at this time.
3. CAOAC itself is incorporated.
4. Our current insurance company has stated that they will not take us on as clients if we want to increase the coverage to \$5,000,000.00. After investigation it was estimated that it would cost approximately \$800.00 per club for \$5,000,000.00 as a group or about \$2,500.00 if a club tried to obtain \$5,000,000.00 on their own with another insurance company.

Miecia Burden (Binder/Membership/NL) has the entire insurance policy in a pdf format and will send it out to any club who requests it. Each club was emailed the current policy in February of this year.

Annual Reports: All are due today at the general meeting with the exception of the Treasurer's report which is due April 30th 2006. Please send to Miecia Burden by email at miecia@rogers.com

Archivist: Paul McIntosh has obtained some old photos of conventions past from Harold Collis. He is attempting to id the hobbyists and will include them in the photo albums he is working on.

Respectfully submitted by
Miecia Burden (Recording Secretary)
