# Holiday Inn®

Number One in people pleasing.

## An oasis in all seasons...

The Holidome® awaits your every pleasure at Holiday Inn Guelph, where a five-storyed glass atrium surrounds an indoor garden and recreation area featuring the Lounge Bar, Courtyard Cafe, swimming pool, whirlpool and sauna, putting green and shuffleboard court.

And there's a great place to meet...at Tingle's the city's most exciting nightspot. Of course, regular room features—air conditioning, extra-long double beds, colour TV and specially designed furniture—make Holiday Inn Guelph a wonderful place to relax.

The Inn also offers meeting facilities for up to 500 and VIP or honeymoon suites. The Inn is adjacent to new indoor shopping facilities and central to area cultural and natural attractions. Holiday Inn Guelph is a hotel where it's summer all year.

# SHOW RULES

1. This show has been sanctioned by:  
C.A.Q.A.C. — Canadian Association of Aquarium Clubs      A.K.A. — American Killifish Association  
I.B.C. — International Betta Congress      C.K.A. — Canadian Killifish Association
2. There will be a simple security set up for guppies, killies and bettas ONLY. When entering your guppies, killies or bettas you will receive a special slip which will contain your entry numbers. You must retain this slip in order to get your fish from the shelf. Take your fish to the show room and they will be bencheted and taken down for you by GAC staff. Throughout the show there will be security to prevent problems.
3. Entries are to be in a clear container with at least 2 flat sides. All containers are to be supplied by the entrant. There is a \$1.25 entry fee for fish entered before May 18, 1983 and \$1.50 for those registered after May 18, 1983. Assorted containers will be available at Convention at a rental fee.
4. Nothing is to be in the container except the fish and water. The only allowable exception is in the event that air has to be supplied for the health of the fish. A regular air stone is acceptable. The entrant is responsible for valves, tubing and air stones. No open air lines will be allowed! Air stones and valves and tubing will be available at a minimal cost.
5. Entries may be set up from Friday, May 20th after 4 p.m. GAC and the Guelph Holiday Inn will not be held responsible for any loss or damage by whatever cause. There will be tight security maintained around the fish room.
6. Entrants will only be allowed to be removed after the Awards Banquet on Sunday Night. Special arrangements may be made by contacting the show chairman in writing only.
7. Awards will be:  
Trophies — 1st place                          Plaques — 2nd and 3rd place  
Other special awards will have suitable bushes and/or keepers.
8. Plain coloured backgrounds are permissible.
9. Some aged water will be available. Guelph's water is medium to hard.
10. Only the show chairman and necessary assistants will be allowed in the fish room while the judging is taking place.
11. Decision of the judges as to placing is final and not subject to question and adjustment.
12. Entering of the fish into the proper class is the responsibility of the entrant. However, the show chairman is available to assist in the entering of fish. The show chairman has sole authority for the placement of the fish in specific classes and no adjustments or disqualifications because of "wrong class" entries will be allowed after the show chairman turns the entries over to the judges for judging.
13. If by the standards of the judging no fish in the class is of suitable quality deserving of a first place award, then the judges may award accordingly for that class in any combination of first, second and third.
14. No classes are to be combined regardless of the number of entries.
15. Pairs classes — a pair will consist of one male and one female. Should sex in this species not be discernible in the judges opinion two fish shall constitute a pair.
16. In any class, a female may be included in the show container. However, in singles classes only the male or the fish specifically designated by the entrant will be judged.
17. A voluntary auction of show entries to a maximum of 25% or \$5.00 whichever is the lesser, will be retained by G.A.C. Entry forms must show whether or not the fish is to be auctioned. Such authorization may be withdrawn prior to judging. Under no circumstances may authorization be withdrawn after judging commences.
18. Any one fish is only eligible for one of the specialty trophies.
19. Fish displaying any form of disease or deformity will be disqualified.
20. This show is open to all persons whether or not they belong to an aquarium society.
21. Plants in Class #38 must be able to reproduce under water.
22. In the Aquatic Animal Class (#34) "anything goes."
23. Marine fish (Class #40) means that it is unable to live in brackish water.
24. Brackish water fish (Class #41) means such fish as lionfish, surgeon, seahorses, manos, etc. that survive naturally in brackish water.
25. Entries in Class #43 and #44, Bowl and Aquarium Beautiful, can be furnished with rocks, driftwood, natural or calcined gravel, plants; artificial plants and ornaments will be allowed. Entries will be judged on the condition and colour of the fish, beauty of the general planting arrangement and the overall appearance.
26. In the Novelty Class (#45) "anything goes" but it must contain at least one fish.
27. In the Arts and Crafts Class (#46) all drawings, paintings, needlepoints, etc., must pertain to the tropical fish hobby.
28. In the Photography Classes (#47, #48, #49) all photos must pertain to the tropical fish hobby.

## C.A.O.A.C.

The Canadian Association of Aquarium Clubs is a group of people representing aquarium clubs from Canada and northern U.S.A. We were formed approximately twenty-five years ago with the aim of promoting, helping, and encouraging anyone with an interest in things aquatic. Our activities are directed and controlled by a body of representatives from more than thirty clubs and societies located in Canada, and including active member clubs in the northern U.S.A.

Our purpose is to assist member clubs with their activities in the aquarium hobby in any possible way, with emphasis on program material and communications. C.A.O.A.C. is not a club, nor is it a separate body having a purpose unto itself. It is, in fact, a centralized forum for member clubs to use to meet, work, play, and discuss anything and everything of interest to them.

This is the only way in which projects which require the collective co-operation of many widely distributed aquarists can be achieved. Our yearly Convention is a very good example. Without C.A.O.A.C. such a venture would never receive the support of so many hobbyists. We, as individuals, would not have the opportunity to meet and know so many of our fellow aquarists, nor would we be able to present speakers, seminars, etc., on such a wide scale. Individual clubs could never hope to afford the cost of acquiring films and slides, nor make the contacts for speakers, judges, etc., that are available through participation in C.A.O.A.C. As an organization, C.A.O.A.C. can only be as strong as its member clubs; during the coming year, remember that the more YOU participate in, and give your support to, C.A.O.A.C., the more it can do for YOUR club.

# Guelph has it all

Guelph has it: colorful history, rich cultural heritage and active cultural life, convenient shopping and services, scenic setting, sports and athletics, educational opportunities of every sort and a stimulating intellectual environment. Located in southwestern Ontario's industrial and agricultural heartland, Guelph is a bustling centre for recreation, culture, commerce and education... all at a pace and on a scale you can enjoy.

From tree-lined residential streets to well planned industrial areas, Guelph balances a quality living environment with a healthy economy. The compact downtown area mixes modern office and apartment buildings, well-landscaped squares and historic stone buildings, many of them restored to combine 21st century efficiency with 19th-century charm. One of the original railroad stations lives on as the Chamber of Commerce headquarters, while a venerable hotel got a new lease on life as an office building.

Rising majestically above the cityscape are the twin spires of the Church of Our Lady, begun in the 1870's and built to cathedral-like dimensions. Other fine examples of stone churches abound throughout the city.

For a whirlwind excursion into Guelph's colorful past, visit the Civic museum in the restored Knights of Columbus Hall. Tour the birthplace cottage of John McCrae, famed physician, soldier and author of the immortal war poem, "In Flanders Fields". Then explore Heritage Park along the Speed River where John Galt felled a maple tree in 1827 to mark Guelph's founding and where later Allan's Mill became a landmark. The mill wheel is the focal point for the stonework and gardens which were dedicated during Guelph's 150th anniversary year.

Riverside Park is a great place to enjoy an afternoon. See a model of Guelph's first house, the Priory, built in 1828. The floral clock displays a unique combination of flowering annuals each year. Or, you can ride the carousel and the miniature train, take in a concert at the bandshell, have a picnic and play in the river.

The internationally acclaimed Guelph Spring Festival brings the best of Canadian and international musical talent to the city for two weeks of eclectic entertainment each May. Throughout the year, Guelph audiences enjoy a varied menu of the performing arts, from visiting theatre and dance companies to home-grown talent like the Guelph Little Theatre, the Suzuki String orchestra and the Overtones singers.

Visual arts also play a major role in the cultural scene in Guelph. The Macdonald-Stewart Art Centre, opened in October of 1980, is a gallery and art resource centre offering programs, courses, lectures, tours and changing exhibits throughout the year.

GUELPH SKYLINE

Since 1874 Guelph has been a centre for higher education, first with the Ontario Agricultural College and since 1964 with the University of Guelph. The University operates three semesters a year and has a full time undergraduate and graduate student population of about 9,000. It also offers credit and non-credit programs for learners of all ages. Modern and historic buildings complement the varied landscaping on the well-planned, 1,100-acre campus. It's a glorious walking experience in any season.

In the adjacent Arboretum, nature lovers and gardeners can view the collections and take self-guided nature tours through mature woods, along hedge rows, through fields and along boardwalks built over swamps. Nature programs, like maple syrup production, owl hoots, winter tree identification and insect study are popular with young and old alike.

Come to friendly Guelph for a day or a week. We'll be glad to see you.

- Canadian mail-in entries for the show must be sent via air mail, special delivery.
- Special arrangements can be made for US entries by phoning:  
Pat Fenske (519) 837-2275  
or (519) 838-7838
- Mark all entries "HUSH—BIOLOGICAL SPECIMENS".
- Entries must be received by May 20, 1983.
- Mail-in entries will be returned if sufficient postage is included with the entry form. If we are unable to obtain the minimum bid requested by the exhibitor wishing to auction his entries, the fish or item will be returned to him at his cost unless otherwise stated on the entry form.

## AUCTION RULES

### FRIDAY NIGHT

- Dry goods and other related goods may be auctioned off after "Monte Carlo Nite" (mid to 1 a.m.).
- GAC will retain 15% of the price at this time only.

### SUNDAY AFTERNOON

- The fish will be auctioned in order of registration (to begin Sunday at 10:30 a.m.).
- The auction split is 70%, with GAC retaining 30%.
- The show auction split is 75%, with GAC retaining 25%.
- GAC will only retain (maximum) of \$5.00 for livestock.
- GAC will only retain (maximum) of \$10.00 for hardware.
- GAC is using the box system. Numbers will be available at noon.
- If anything sells for 50¢ or less per bag, all money will go to GAC.
- Auction will progress at minimum 25¢ intervals.
- All fish must be in non-leaking containers. Any containers which leak or need to be re-bagged by GAC members will cost owner 50¢ each, and will be deducted from his share.
- Indicate on registration form if your show fish is to be auctioned.
- Payment will be made to owners in 10 days.
